Managing Group Member's Privacy

- This is a great way to keep the list of the members of your groups private (not publicly displayed or accessible on CampusGroups)!
- On the home page, scroll down to *My Groups* and click on your organization
- Select *Dashboard* then *Settings*

Managing Group Member's Privacy

- Select *Access & Privacy*
- Scroll down and set the *Membership should be private* option to *Yes*
- Click *Save*
